# BVI House Asia Launches its Official Website

BVI House Asia, the representative office of the Government of the British Virgin Islands (BVI) in Asia Pacific, announced the launch of its official website in Asia Pacific, which went live today at [www.bvihouseasia.com.hk](http://www.bvihouseasia.com.hk).

Targeting the Asian market, this website is the first of its kind and it will become the digital window for investors to learn about the BVI and its remarkable development in Asia.

Content rich and highly refined with functionality, the new website provides robust information on BVI House Asia's mission, services, resources, expertise in the field and latest media and event updates. The "Find a Practitioner" section covers an extensive directory of specialized and trusted service providers, which serves as the platform to connect investors and practitioners. With a simple uncluttered design, it offers clients and the public quick and easy access to the most accurate and updated information related to the BVI and BVI House Asia. With the launch of this official website, BVI House Asia is confident that it will serve Asian investors better through more robust platforms and bring BVI financial services to the next level.

## Team BVI Asia Round Table Discussion "Business in Asia – Opportunities & Challenges"

Team BVI Asia serves as BVI's focal point in Asia Pacific. With a network of leading and experienced BVI practitioners in an array of industries, members of the Team act as industry-specific spokespeople for the BVI and promote the BVI's financial services in the region.

In the roundtable discussion, Team BVI Asia provided insights and commentary on the current state of doing business in Asia as well as regional issues and trends impacting the BVI under the theme "Business in Asia, the Opportunities and Challenges". This webcast is now available on the BVI House Asia website. To learn more, view the webcast here: <http://bvihouseasia.com/videos/business-in-asia-opportunities-and-challenges-1>.
